- 2. I have not earned 67% of the total credits I have attempted.

General Information for Academic Advisors

Federal regulations require students meet **Satisfactory Academic Progress (SAP)** requirements every semester to retain their aid.

The minimum requirements for all types of financial aid include three standard measures:

1. GPA Standard - Students must maintain a minimum cumulative grade point average (GPA) of 2.0 each semester to maintain their financial aid.

2. Credits Earned Standard - Students must earn 67% of the total number of LSSU credits they attempt to remain eligible for aid. Each semester the LSSU cumulative totals of credits attempted and earned will be evaluated, including remedial coursework to determine the complete rate.

For example: If a student attempts 16 credits in both the fall and spring semesters, they must earn a cumulative total of 22 credits to meet the 67% completion requirement. $(16 + 16 = 32 \text{ attempted credits} \times 67\% = 21.44 \text{ or } 22 \text{ credits})$

Note: Transfer credits that have been evaluated and accepted for credit at LSSU will be added to both the credits attempted and earned cumulative totals, however, transfer students must also earn 67% of their LSSU credits each semester to maintain good standing. Consortium students must earn 67% of the total consortium credits each semester (credits at both LSSU and the community college) to maintain good standing at LSSU

3. Time Frame (150% Rule) - A student must complete the highest degree they are seeking within 150% of the published length of their program. For example: A student working on a Bachelor degree of 124 credits may receive aid for 186 attempted credits, **including attempted transfer credits that have been evaluated and accepted for credit at:**

Certificate	Within 48 attempted credit hours
LPN Certificate	Within 69 attempted credit hours
Pre-Nursing BSN.....	Within 84 attempted credit hours
Associate.....	Within 93 attempted credit hours
Bachelor.....	Within 186 attempted credit hours
Master's.....	Within 54 attempted graduate hours

Warning Semester - A student can be given one warning semester of aid for failing to meet a standard of SAP, but failure to meet the same standard for two consecutive semesters will result in the suspension of aid. **During the warning semester, it is highly recommended that students plan ahead and work with their advisor to correct deficiencies.**

Probation Semester(s) – If a student successfully appeals their aid, they can be given one or more semesters of aid while on financial probation. Students should meet the SAP requirements as quickly and mathematically as possible given their individual circumstances. Recommendations for more than one semester of financial aid probation must allow for the completion of the intended degree within the maximum time frames listed above. The Financial Aid Appeals Committee will consider the academic advisor's recommendations when determining the length of financial aid probation. If approved, the student will be placed on an Academic Success Plan that will be monitored.

Things to keep in mind:

Academic Major and degree: It is very important that the student's official record matches the degree and major being sought. Students must be enrolled in courses that are required for the intended degree and major.

N, W, I grades: These grades do not count in GPA calculations, but do count as attempted and unearned credits and can cause a student to fail to meet the Credit Earned standard.

Remedial Coursework: MATH087-088 and ENGL091 do not count in GPA calculations, but they do count in attempted and earned credit totals.

Degree Audits: Required for all financial aid appeals. The degree audit must include anticipated graduation date, term/semesters for completed and future coursework and signature of the academic advisor, chair or dean. The degree audit should also match the student's official university record-if it does not, the student will need to complete and submit a Curriculum Change form to the Registrar's Office for processing before their appeal can be reviewed.

Repeats: Financial aid can be applied one time when repeating coursework to improve an earned letter grade of D- or higher.
